III. Discussion- See Slides

- Winter Plan- Discussion around capacity charts. Decision made to not include locations of beds that are not open at the beginning of hypothermia season. If additional beds are added they will be added to the plan and outreach will be done. Hypothermia alerts will continue for data collection purposes and to keep ongoing rhythm, however, they will not activate additional resources because shelters are already at 24/7. All communication pieces on available services are being updated. Discussion on shelter hotline and that it is now for capacity and on demand transportation but there is no schedule routes for transportation. The Winter Plan was approved by ERSO to move forward to Executive Committee for approval.
